

2025 Annual Report

Resilience. Innovation. Growth.

Letter to Shareholders

Dear Shareholders,

2025 was a landmark year for Plexuspharmaco. In an environment characterized by complex global supply chain dynamics and evolving regulatory landscapes, our teams demonstrated extraordinary resilience. We achieved record revenues of €485 Million and successfully launched two first-in-class therapies that are fundamentally changing the standard of care for autoimmune disorders.

R&D Pipeline Advancements

Our commitment to science remains the engine of our growth. In 2025, we invested €105M in Research and Development, yielding three new IND submissions and advancing two oncology candidates into Phase II trials. Our proprietary AI-driven drug discovery platform, *PlexiCore*, has successfully identified novel targets in neurodegeneration, shortening our preclinical timelines by an estimated 14 months.

As we enter 2026, Plexuspharmaco is better positioned than ever to deliver on our promise to patients and generate sustained, long-term value for our shareholders.
