Operational Updates

During this quarter, we successfully completed Phase III clinical trials for our leading metabolic disorder compound, PX-702. We plan to submit regulatory filings to the EMA in Q4 2026. Furthermore, our new state-of-the-art packaging facility in Munich achieved ISO 13485 certification, cementing our commitment to unparalleled quality assurance.

Looking ahead to the remainder of 2026, we are upgrading our full-year revenue guidance to €580M - €600M, reflecting strong market penetration in Eastern Europe and expanding market share in our legacy markets.
